

# NEWMEETING

Que pensez-vous de vos lieux de communication ?

**NEWMEETING**, convivialité, communication, décision.

# Le concept

L'espace de réunion n'étant pas un lieu de travail comme un autre, il se doit d'être traité comme tel.

**NEWMEETING** est un programme complet de tables de réunion, décliné en 36 modèles dont 15 avec Top Access, s'intégrant naturellement à tous les environnements tertiaires et étant facteur de valorisation de l'image de marque.

Tous les modèles, à partir de 3.5 mètres, se déclinent en version Top Access permettant l'intégration de la connectique nécessaire aux moyens de communication d'aujourd'hui.

# Innovation et qualité

L'innovation de NEWMEETING tient dans la conception de sa structure intégralement en aluminium. Cette originalité autorise la constitution d'ensembles de grandes dimensions en minimisant le nombre de pieds.

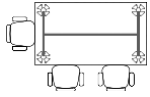

Les Plateaux surfacé mélaminé DPL (Direct Pressure Laminate) sur aggloméré haute densité ou médium pour la finition chants aile d'avion laqué, parachèvent une signature de grande qualité.

# La gamme forme Rectangle
